**Heartfelt enterprise experiences**  
 as told by the 40 Spirit of Enterprise Honourees  
 as well as the other nominees for this year's  
 awards are presented in a new book out in all  
 good local bookstores now!

## President S R Nathan calls for more indigenous SMEs

President S R Nathan presented the Spirit of Enterprise (SOE) Award to the 40 Honourees on 23 September 2005 at the Grand Hyatt in a lunch event attended by business and political leaders. In his written message to SOE, he says that entrepreneurship is one of the areas in which Singapore can re-position itself to remain successful. He commends the Honourees for their passion, drive and perseverance to be self-sustaining and self-reliant, serving as a shining example for aspiring entrepreneurs in Singapore.

This year's SOE Friends of Enterprise Awards went to OSIM International Ltd and the NUS Entrepreneurship Society (NES) for their dedication to promoting entrepreneurship. NES is the first student body to receive this award.

Two students were also honoured as the Best Student-Interviewers at the event. They are, Mr Ho Kok Koon from the Nanyang Technological University and Ms Ong Chao Ying, Eunice from the Singapore Management University.

Yesterday's award ceremony marks 3 monumental years of the Spirit of Enterprise Awards as it continues in its mission "to honour and to inspire".

The 40 Honourees were selected by the SOE Board of Governors partially based on the month-long online public voting on its website from July to August, which garnered over 8000 votes.

The 107 complete interviews conducted by students from more than 7 local universities, polytechnics and other schools are featured on the SOE website ([www.soe.org.sg](http://www.soe.org.sg)) along with the 300 interviews from 2003 and 2004. May their stories continue to inspire you.
